2. EDITORIAL CONCEPT

F.A.Z. BUSINESS MEDIA, a member of the publishing group Frankfurter Allgemeine Zeitung GmbH, is committed to high-quality standards of journalism and expertise in covering business and finance topics. The same company publishes FINANCE, the magazine for CFOs.

In good times, these executives may lead existences offstage. But when times turn bad, they move to center stage: The CFO frequently has what can possibly be the most exciting job of all. The importance of this job is also bolstered by one other fact: The chief financial officer (CFO) frequently is the person promoted to the CEO position.

FINANCE is a must-read for this target group.

FINANCE provides thought-provoking insights into the world of finance at large companies as well as useful tips for the day-to-day work in these finance departments. FINANCE is divided into three sections. “Companies and Markets” delivers the latest in company developments and financing-market trends. In “Personal & Personnel,” members of the magazine’s editorial staff write profiles of CFOs, report on the comings and goings of CFOs and cover career topics. Then there is the “Strategy & Efficiency” section. It highlights the operational side of CFO tasks, such as controlling, M&A strategy, accounting and treasury. Working closely with discerning CFOs, banks and others in the financial community, the editorial staff at FINANCE represents the highest quality in compelling, informative business reporting.

Target group

FINANCE is written for financial decision-makers in companies. This group includes CFOs, commercial directors and heads of M&A or business development as well as directors of accounting, controlling and treasury. They all rely on the magazine as a valuable source of information – just like investors, bankers, M&A consultants, private-equity managers, management consultants, IT consultants, human resources consultants, lawyers, tax consultants and auditors.

FINANCE magazine reaches the finance departments of all companies listed on the leading German stock indices (S-DAX, M-DAX and DAX).

Sustainability is a hot topic at the moment: The special supplement “Grüne Finanzierung & Nachhaltige Kapitalanlage” (Green Financing & Sustainable Investment) aims to provide a comprehensive overview of the role that ESG factors (environmental, social, governance) are now playing in the world of companies and institutional investors. Finance executives receive practical tips and the most important information on all aspects of regulatory developments.

The special supplement with a circulation of approx. 34,000 will be published not only in the 5/2021 issue of FINANCE, but also in its prestigious affiliate media DerTreasurer 3/2021 and dpn 5/2021.

Deutschland schafft elektronische Schuldverschreibung

Die Folge: Der deutsche Kapitalmarkt dreht aufgrund rechtlicher Hürden in Sachen Digitalisierung abgehangen zu werden. Das hat jetzt auch die Bundesregierung erkannt. Die Ministerien für Finanzen und Justiz wollen das deutsche Recht deshalb „gernein für elektronische Wertpapiere“ öffnen, wie es in einem Anfang März veröffentlichten Eckdatenpapier heißt. Die derzeit „zwingende urkundliche Verfestigung von Wertpapieren soll nicht mehr zwingendstruktiv gelten“. In einem ersten Schritt soll das für Fremdkapitalinstrumente, später vorwiegend auch für Aktien gelten.

Der neue Umgang mit Daten im Finanzwesen der Zukunft

So die Themen: Datenökonomie und Compliance-Systeme (CIS) zählen zu den Schwerpunkten. Das verlangt FinanzIT-Angebotgeber wie wir.
